

V-Guard Torio Modular Switches.

Switches that go TIK-TOK no matter what.

*10 years warranty is applicable on select products only. For terms & conditions kindly refer to our website www.vguard.in

01ST JULY 2022

V-GUARD 

We at V-Guard began our journey by manufacturing only Voltage Stabilizers in 1977. Since then, we've not only grown to become India's largest selling stabilizer brand but also have a strong presence with a diverse product range that includes electrical products, electro-mechanical products and kitchen appliances. Along this journey, we've become a trusted brand name with a pan India presence and a turnover of more than Rs. 2000 crore. Stringent quality control measures, reliable products, state-of-the-art technology, excellent customer service and a responsible approach to business helped us capture the market and more importantly, the mindshare of the consumers.

In four decades, we earned ourselves respect and reputation by designing and creating long-lasting products. Today, we are one of the biggest names in the electrical and electro-mechanical space with a wide range of products that include Voltage Stabilizers, Inverters & Batteries, Agriculture & Domestic Pumps, House Wiring Cables, Electric Water Heaters, Fans, Solar Water Heaters, Air Coolers and Switchgears. We have also made a foray into the kitchen appliances segment with Mixer Grinders, Gas Stoves and Induction Cooktops, Rice Cookers. But that's not all, we recently expanded our product portfolio with an all-new range of Modular Switches.

Crafted with the most superior components in the market with the highest standard for quality in mind, V-Guard switches are designed to perfection, keeping in mind consumer preference and the growing demand for safe and sustainable equipment. V- Guard gives you the assurance and credibility of making a purchase you can depend on.

Introducing a whole new series to the existing category of modular switches produced by V-Guard, Torio range of Modular Switches take classic and style to all new height. The range of switches are affordable and sustainable with long- lasting qualities with its key component being durability.

In less than four decades, V-Guard has become the epitome trust and faith of consumers for manufacturing and producing products that are meant to last. V-Guard not only thinks of constant innovative way to improve life but also aims to understand the needs and requirements of human life and their relationship to tools and appliances of everyday life.

Living the contemporary Indian lifestyle

The ever changing Indian lifestyle comes with conscious choices made at every household. The products incorporated into every home essentially is a reflection of who they are. They portray personality, style and most importantly tap into the market of a sustainable way of living. And with products that help consumers express themselves, they seek home accessories that has more than just functional benefits. Therefore, durability, innovation, affordability and aesthetics are considered to be important factors.

Hence, V- Guard intends to compliment your walls with the all new Torio range of Modular Switches.

Made to ensure high efficiency and enhance safety, Torio Modular Switches are easy to install and operate. They are classy, elegant and long- lasting switches which comes with a smooth finish that helps to glam up your interiors.

Switches that'll go tik- tok no matter what.

Engineered using superior components adhering to highest quality standards, Torio switches are equipped with many attractive features despite their stylish designs. Made with the best-in-class flame retardant material, Torio Modular Switches ensure utmost protection against electrical shocks.

Its dual shuttered technology offers high end protection as it prevents the exposure of children to electricity. Another vital feature while designing a switch is the type of contact material to choose from. Keeping the discerning customer needs in mind, Torio Switches are made of silver based contact material that exhibits low contact resistance thus ensuring prolonged safety and durability. Its front insertion and removal feature is an added convenience.

7 Reasons why Torio Modular Switches are in for the long run!

- **Smooth finish**

Torio Modular Switches have a smooth and structured finish. They are elegant, stylish and comes with a unique design that helps enhance and elevate the aesthetics of your space.

- **Protection and durability**

Made with superior quality components, Torio Modular Switches ensures unmatched safety and long- lasting protection.

- **Diverse needs**

Torio Modular Switches is a completely new range of products that can be used for different applications. They are easy to install and remove as well.

- **Shock-proof and Flame retardant**

Since Torio range of Modular switches are made from high quality plastic and flame- retardant material, it ensures utmost safety and eliminates that chances for electrical shocks or fire hazards.

- **Dual shutter technology**

Torio sockets are equipped with safety shutter provision and dual shuttered technology in high rated socket, which offer high end protection as it prevents the exposure of children to electricity.

- **Added convenience**

Torio modular switch range also poses the feature of front insertion and removal, making it safe and convenient to use.

- **Silver contacts**

The contact material used is silver that exhibits low contact resistance for the utmost safety and durability.
